

Term Project Proposal

By J. H. Wang

Apr. 30, 2026

About the Term Project

- Term project
 - Team-based system development (≤ 2 students per team)
 - e.g. extension to homeworks
 - Any programming language is acceptable
 - Documentation is required
- Items required and schedule for all teams
 - Proposal: *required* two weeks after the midterm (May 7, 2026)
 - Presentations: *required* in the last three weeks (starting from Jun. 8, 2026)
 - Final report: *required* before the end of the semester (Jun. 26, 2026)

Proposal for Term Projects

- A **one-page** description of ideas about your system
 - Introduction: an overview of the problem and possible issues
 - Methods: major ideas of your design to solve the problem
 - **Team members**: the IDs, names and responsibilities of each member must be clearly identified
 - Preferred time slots: your preferred time slot to present
- System functionality and presentation will be counted in the score

Proposal Submission

- Due: **May 7, 2026**
- How:
 - iSchool+
- The presentation schedule will be arranged in the last **three** weeks
 - Presentation starting from **Jun. 8, 2026**
 - No other time slots available for presentation
 - No presentation, no score for term project

About the Grading

- A **20-minute** presentation that focuses on the major ideas of your design, including demo and Q&A
- The score you'll get depends on the functionality, difficulty, and quality of your project
 - For system development:
 - System functions and correctness
 - You can either write your own code, or **call existing open source code or library** in your program (but NOT only executing existing binary)
 - You are required to list the responsibilities of all members in the documentation
 - Proposals, presentations, and reports are ***required* for each team**, which will be counted in the score

Suggested Topics for Term Project

- AI Cup Competition
 - AI Cup 2026: <https://www.aicup.tw/ai-cup-2026-competition>
- Natural language processing or text mining using open datasets is *suggested* in your project
 - E.g. UCI Machine Learning repository, kaggle, ...

Regarding AI Cup 2026 Competition

- Link: <https://www.aicup.tw/ai-cup-2026-competition>
- 基於時序資料之桌球戰術與結果預測競賽:
 - <https://www.aidea-web.tw/topic/3f9662e8-9d18-4c6a-9332-103eded3a399>
- Important dates:
 - Registration: May 28, 2026
 - End of competition: **23:59pm, Jun. 2, 2026**
 - Announcement of final result: 16:00pm, Jul. 17, 2026
- Prizes: top-13 places

- **ESG永續承諾驗證競賽:**
 - https://www.aidea-web.tw/aicup_veripromiseesg
- Important dates:
 - Registration: from Apr. 28, 2026
 - End of competition: **Jun. 17, 2026**
 - Announcement of final result: Jul. 23, 2026
- Prizes: top-15 places

Thanks for Your Attention!
